

the EDGEWOOD EXPERIENCE

The Edgewood Experience is easy to find. You feel it as you walk through the historic front doors. You sense it in the friendly, casual relationships among students in the hallways. You see it on the faces of students attentively learning. You hear it in the passionate teaching by faculty. Edgewood knows how to turn high school into an experience you will treasure for a lifetime.

LEARN what MATTERS

ACADEMICS

Edgewood's caring and supportive faculty members have the time to work with individual students on building a foundation in the basics that allows students to achieve their full potential. Plus, our counselors take the time to build relationships with each student, providing the resources they need to be successful in high school and beyond.

COLLEGE PREP

Edgewood's graduates are ready to excel, with about 95% of them directly entering higher education. Recent graduating classes have been offered \$8 million or more in collegiate scholarships. About half of Edgewood graduates attend Top 100 US colleges and universities, and nearly 1 in 3 enroll at UW-Madison.

CATHOLIC LIFE

Edgewood provides a faith-based environment and we take pride in fostering personal and spiritual growth. We have a religiously diverse student body, and courses reach out to all faith backgrounds. We offer monthly all-school liturgies and prayer services as well as optional Thursday morning Mass.

SERVICE

Perhaps Edgewood's hallmark asset is its dedication to service grounded in the values — Dominican in root, universal in relevance — of Truth, Compassion, Justice, Community and Partnership. Every student fulfills 100 hours of volunteer service in their four years at Edgewood, and many complete twice that amount. Graduating classes typically leave a legacy of more than 25,000 combined student service hours!

ATHLETICS

Almost 75% of EHS students are on an athletic team, and 60% are involved in three sports! At Edgewood, athletic teams are accessible and an easy way to make good friends. The strength of our Crusaders program is shown in a record that includes 35 WIAA State Championships.

FINE ARTS

Our new Performing Arts Center will provide an unparalleled experience for all students interested in music or the dramatic arts. Students regularly perform the highest level of music at festivals and have accumulated more than 75 Jerry Awards for high school musical theater.

HAVING FUN!

The transition from middle to high school can be exciting and a little challenging. Edgewood is welcoming, inclusive and friendly. Our unique FIT program helps freshmen gain confidence in their high school skills, and makes it easy to find friends. All students are encouraged to participate in one or more of our 25+ co-curricular activities for a range of interests beyond sports and the arts.

DIVERSITY

Edgewood attracts families from most neighborhoods in Madison and nearly half of students come from surrounding communities. The student body includes approximately 20% students of color, including international students. About 40% of students receive need-based financial assistance up to 55% of tuition costs.
